5. Payment of retrocessions and rebates

(a) Retrocessions

The Company, the Manager, the Investment Manager and their agents may pay retrocessions as remuneration for offering activities in respect of fund units in or from Switzerland. This remuneration may be deemed payment for the following services in particular:

Market, distribute, promote or otherwise offer or arrange investments in investment products.

- Promotion of offering and presentation to potential investors;
- Organisation of road shows and investor events, respectively;
- Support to the subscription process;
- Forwarding subscription, conversion and redemption requests;
- Providing the necessary documentation to the investors;
- Verification of identification documents and performance of tasks related to the obligation of diligence as well as recording for the purpose of documentation;

Retrocessions are not deemed to be rebates even if they are ultimately passed on, in full or in part, to the investors.

The recipients of the retrocessions must ensure transparent disclosure and inform investors, unsolicited and free of charge, about the amount of remuneration they may receive for offering.

On request, the recipients of retrocessions must disclose the amounts they actually receive for offering the collective investment schemes of the investors concerned.

(b) Rebates

In the case of offering activities in or from Switzerland, the Company, the Manager, the Investment Manager and their agents may, upon request, pay rebates directly to investors. The purpose of rebates is to reduce the fees or costs incurred by the investor in question. Rebates are permitted provided that

- they are paid from fees received by the Company and therefore do not represent an additional charge on the fund assets;
- they are granted on the basis of objective criteria;
- all investors who meet these objective criteria and demand rebates are also granted these within the same timeframe and to the same extent.

The objective criteria for the granting of rebates by the Company are as follows:

- the volume subscribed by the investor or the total volume they hold in the collective investment scheme or, where applicable, in the product range of the promoter;
- the amount of the fees generated by the investor;
- the investment behaviour shown by the investor (e.g. expected investment period);
- the investor's willingness to provide support in the launch phase of a collective investment scheme;
- other objective criteria.

At the request of the investor, the Company must disclose the amounts of such rebates free of charge.
